WE ARE...

AdEx Partners was founded out of the drive to make complex transformation projects successful and to live management consulting differently. **Together with our customers, we define the goal and prerequisites for a successful transformation, develop tailor-made solutions and provide pragmatic support for implementation.**

As a **trusted advisor**, we support companies on both a strategic and operational level. **Independently, honestly and reliably**, we support our customers based on many years of industry knowledge, also in the area of line competence. Appreciative interaction and collaborative cooperation correspond to our self-image. Through **knowledge sharing**, we achieve added value that has an impact beyond the project team.

WE ARE LOOKING FOR...

An experienced **IT-Sourcing Expert (m/f/d)** who enriches our team with expertise in multi-cloud services, managed services and managed cloud services. The specific tasks include:

- **Management of IT sourcing projects**, including the development of sourcing strategies as well as the support of transition and transformation processes
- **Organization and implementation of tenders** for IT/cloud services and managed services
- Preparation of tender documents and **development of requirement catalogs** based on our proven IT sourcing advisory framework
- **Development of IT services** and IT service levels, including the definition of transfer points, measurement criteria and procedures
- Active contribution to the further **development of our consulting methods** and tools, e.g. by optimizing our IT strategy framework
- Observation and **analysis of market trends** in the IT service market and evaluation of IT service providers with regard to their strategy, market positioning and performance

WHAT YOU BRING...

Passion and enthusiasm are more important to us than certificates or references, but the following skills will help you to be successful with us:

- **Several years of relevant professional experience** in IT management topics such as business-oriented IT strategy development, IT sourcing or IT governance
- **Successful implementation** of numerous IT sourcing projects (end-to-end)
- Resilient **customer network** and strong **acquisition experience**
- Methodological competence in the **tendering and contracting process**
- Experience in **Outsourcing, Price Negotiation, Off-shoring, Supplier Relationship Management und Cloud-Service Management**
- Professional affinity for **infrastructure services**
- **Business-fluent language skills in German and English**, both spoken and written

OUR OFFER...

We offer you exciting engagements with highly relevant issues and state-of-the-art technologies with well-known customers from upper medium-sized businesses to DAX corporations. In addition, you can expect a variety of other **benefits**, such as:

- A young, agile **hands-on company** with a great deal of creative freedom and **flat hierarchies**
- Performance-based, transparent **bonus system**
- Flexible working hours incl. **remote regulation**
- **Employee assistance program** to support employees in all areas of life
- Individual **training** and personal **coaching**
- **Bike leasing** and fitness with **EGYM Wellpass**
- **Latest hardware** (choice of smartphone) - also for private use
- **Corporate events** such as regional regulars' tables, annual kick-off and the legendary Family & Friends summer event
