

Manage the challenges

together with your **Trusted Advisor**

WE ARE LOOKING FOR:

(Senior) Manager IT Operating Model (m/f/d)

LOCATION:

Remote work (ASG region)

WE ARE...

AdEx Partners was founded out of the drive to make complex transformation projects successful and to live management consulting differently. **Together with our customers, we define the goal and prerequisites for a successful transformation, develop tailor-made solutions and provide pragmatic support for implementation.**

As a **trusted advisor**, we support companies on both a strategic and operational level. **Independently, honestly and reliably**, we support our customers based on many years of industry knowledge, also in the area of line competence. Appreciative interaction and collaborative cooperation correspond to our self-image. Through **knowledge sharing**, we achieve added value that has an impact beyond the project team.

WE ARE LOOKING FOR...

A **(Senior) Manager IT Operating Model (m/f/d)** who supports our customers in developing and optimizing their IT operating model to maximize efficiency, agility and business value. The specific tasks include:

- Advising our customers on the **development and optimization** of their IT operating model
- Analysis of existing IT **structures, processes and governance models** to identify potential for improvement
- Develop and **implement strategies** to transform IT operations
- **Proactively lead and effectively manage** IT transformation projects, including managing project teams
- Support in the **acquisition of new projects** through technical expertise and customer presentations
- **Collaborate** with other consulting teams to develop and implement integrated solutions
- Active contribution to the further **development of our consulting portfolio** in the area of IT Operating Model

WHAT YOU BRING...

Passion and enthusiasm are more important to us than certificates or references, but the following skills will help you to be successful with us:

- A degree in **Natural Sciences, Computer Science or Business Informatics**, or a comparable field
- Several years of relevant **professional experience in IT Consulting**
- In-depth understanding of **IT service management principles, as well as Agile, DevOps and Lean IT methodologies**
- Experience in **leading projects and teams**, ideally in a consulting environment
- Strong **problem-solving skills** and the ability to communicate complex issues in a clear and understandable way
- High level of **initiative and adaptability** to new challenges
- **Business-fluent language skills in German and English**, both spoken and written, and a **willingness to travel** within the ASG region

OUR OFFER...

We offer you exciting engagements with highly relevant issues and state-of-the-art technologies with well-known customers from upper medium-sized businesses to DAX corporations. In addition, you can expect a variety of other **benefits**, such as:

- A young, agile **hands-on company** with a great deal of creative freedom and **flat hierarchies**
- Performance-based, transparent **bonus system**
- Flexible working hours incl. **remote regulation**
- **Employee assistance program** to support employees in all areas of life
- Individual **training** and personal **coaching**
- **Bike leasing** and fitness with EGYM Wellpass
- **Latest hardware** (choice of smartphone) - also for private use
- **Corporate events** such as regional regulars' tables, annual kick-off and the legendary Family & Friends summer event
